Board of Directors

WILLIAM N. BANKS, *Grantville, Georgia*
EDWARD G. COLE, JR., *Newnan, Georgia*
WILLIAM H. KENDALL, *Louisville, Kentucky*
JOSEPH L. LANIER, *West Point, Georgia*
J. CLYDE MIXON, *Atlanta, Georgia*
W. THOMAS RICE, *Wilmington, North Carolina*
SAMUEL R. YOUNG, *College Park, Georgia*

Executive Committee

WILLIAM H. KENDALL
J. CLYDE MIXON
W. THOMAS RICE

The Staff

J. C. MIXON, *President and General Manager*
T. C. BULLARD, *Secretary and Treasurer*
HEYMAN, ABRAM & YOUNG, *General Counsel*
B. A. CULPEPPER, *General Auditor*
E. J. HALEY, *General Superintendent*
MARSHALL L. BOWIE, *Director of Personnel*
J. B. WILSON, *Chief Engineer*
J. B. PACE, *Purchasing Agent*
W. T. MARTIN, *Freight Traffic Manager*
W. W. SNOW, *Passenger Traffic Manager*
J. E. SAUCIER, *General Development and Real Estate Agent*

GENERAL OFFICES: 4 Hunter Street, S. E., Atlanta 3, Ga.

COMPARATIVE SUMMARY OF OPERATING AND CORPORATE RESULTS, AND FINANCIAL POSITION

SOURCE OF INCOME	1959	1958	Increase or Decrease

—Decrease.

TO THE STOCKHOLDERS:

A report of the operations of your company for the year 1959 is submitted herein.

EARNINGS

Net income after fixed charges amounted to \$170,-006, or \$6.90 a share of common stock, compared to a deficit of \$43,307, or \$1.76 a share of common stock, in 1958. No income tax accrued in the year due to tax credits from amortization of certain investments in equipment and facilities brought forward from previous years.

DIVIDENDS

Stockholders received dividends of \$2 a share as of August 1, 1959, and \$2 a share as of December 21, 1959.

OPERATING REVENUE

Total revenues for the year increased \$153,540, or 4.40%, over 1958, while operating expenses decreased \$62,000, or 1.89%, which resulted in an improvement of 5.29% in the operating ratio.

FREIGHT

Freight revenue increased 5.89%. Freight ton miles increased 9.09% and total tons handled increased 7.94%. The statement on page 17 indicates increases in the majority of commodities except a few associated with agriculture and the mining and metals industries.

Recovery from the recession lows in 1958 was strong during the first half of 1959 but weakened somewhat in the second half of the year due, in part, to the long steel strike and difficulties in the coal mining industry.

Competition with other forms of transportation continues at a vigorous pace. This is being met with alert and intensive sales efforts. Service and rates are under constant scrutiny and efforts are being made to meet each problem with realistic and progressive treatment.

Late in the year arrangements were made to begin piggyback service between Atlanta and some of the Gulf and Southwestern points. These operations are expected to get under way during the first quarter of 1960.

PASSENGER, ALLIED AND MISCELLANEOUS

Passenger traffic experienced further erosion due to expansions in air and private automobile travel. Passenger revenue decreased 9.2% and miles traveled decreased 10.26%. Some of this decline is due to the discontinuance of two unprofitable trains during the last

half of 1958 but such decline was more than offset by savings in operating costs.

Gross mail revenue increased to a small extent but the net declined 7.9% due to the cost of a truck operation substituted for trains removed. These costs, however, were more than offset by other operating savings.

Express revenue increased 29.6%. The volume of this traffic has not improved to so marked an extent but economies resulting from a reorganization of Railway Express Agency materially improved net revenue.

Miscellaneous revenue declined 2.6%, resulting principally from decreased switching service.

OPERATING EXPENSES

Unit costs of labor and material were again increased during 1959 and some additional maintenance of road and equipment was undertaken, but by continued close control, with changes in train operations, expenses declined and an improvement in the operating ratio resulted.

Aiding in this was the mechanical track maintenance equipment purchased in 1958 and augmented to some extent in 1959. Late in the year orders were placed for additional equipment which will enable us to further mechanize track work at substantial savings in cost.

During the year teletype equipment was installed to further progress plans for the interchange of reporting and accounting data with connections. These procedures are expected to be advanced further during 1960.

RAILWAY TAX ACCRUALS

Railway tax accruals increased \$3,610 or 1.7% in 1959, being held to this level by a substantial adjustment in ad valorem tax.

Reference has already been made to income tax.

By congressional action an increase from 2½% to 3% in the rate of railroad unemployment tax applicable to the first \$350 a month earned by railroad employees became effective January 1, 1959. By similar action a further increase in the rate of railroad unemployment tax from 3% to 3¾% applicable to the first \$400 a month earned by railroad employees became effective June 1, 1959. Also by congressional action, effective June 1, 1959, the railroad retirement tax was made applicable to the first \$400 a month earned by railroad employees instead of the first \$350 previously taxed. At the same time the rate was increased from 6¼% to 6¾%. These are the amounts paid by the railroad which pays all unemployment tax, while employees pay a like amount for retirement. These additional increases are estimated to amount to \$20,000 in 1960 and are responsible for an increase of \$12,000 in 1959.

Due principally to an adverse ruling by the State of

Georgia, applicable to all railroads, our sales and use tax increased approximately 30% in 1959. If this ruling remains in force, as now seems likely, we may anticipate an added cost of approximately \$7,000 a year.

EQUIPMENT RENTS

The net amount paid for rent of freight cars in 1959 increased due to the increase in the amount of freight business done and increases in mileage rates payable for tank cars. Late in 1959 the per diem rate on freight cars was increased from \$2.75 to \$2.88 and further increases are now occurring in mileage rates for tank and other private line cars.

Consideration is now being given to the purchase of additional freight cars to meet loading requirements on our line for both conventional and specialized cars.

WAGE AND LABOR NEGOTIATIONS

Moratorium provisions included in labor agreements in effect between your company and its employees, which prevented either party to those agreements from requesting principal changes therein, expired on October 31, 1959.

Subsequently demands were served upon your company and other principal railroads by organizations representing all contract employees for wage increases, ranging from 25¢ an hour, approximately 12%, for non-operating employees, to 14% for operating employees, to become effective November 1, 1959. Included, additionally, were demands for various rule changes, among which were increases in vacations, paid holidays, and health and welfare benefits. Counter proposals were served upon the employee organizations for 15¢ an hour reduction in wages to bring them more in line with general industry. Seeking elimination of wasteful work practices your company joined other railroads in serving notice upon its operating employee organizations for changes in rules which are inconsistent with present day operating conditions and are serious impediments to efficient and economical service in a grave competitive situation affecting both employer and employee. These matters are now in process of negotiation.

CAPITAL EXPENDITURES

During the years 1946 through 1959 expenditures of new money for improvements in property amounted to \$5,118,249, which is 68.28% of the total investment at the close of 1945. At the end of 1959 all debt for such purposes had been reduced to \$922,360. These expenditures have kept the property in condition to operate efficiently and economically.

In 1959 no major expenditures for new equipment were made. 3.31 miles of new 115-pound rail was laid to replace 100-pound rail in main track between West Point and East Point.

INDUSTRIAL DEVELOPMENT

During 1959 eleven new industries served directly by your railroad located at seven points. Two others expanded their facilities to materially increase their activity. American-Marietta Company completed and expanded their plant near the 10 mile post and are in full production. Late in the year American Can Company, Marathon Division, had under construction at McBride, a station near Newnan, a large plant for processing paper products. Almost ready for operation at year end was a new chemical plant erected by Scholle Atlanta Corporation on the industrial tract near the 10 mile post. Under way are extensive street, highway and utility improvements which will further increase the attractiveness of extensive industrial areas in south Fulton County, including properties owned by the railroad near College Park.

Prospects for further and more rapid development of the area served by your line are bright and are receiving alert and constant attention.

SAFETY

It is with a deep sense of pride in the accomplishment of employees on your line that we acknowledge the award by The American Museum of Safety, on September 16, 1959, of the E. H. Harriman Memorial Certificate of Commendation in recognition of their outstanding safety performance for the year 1958.

GENERAL

It is disappointing that more progress has not been made toward a further study of the national transportation policy by the U. S. Senate Committee on Interstate and Foreign Commerce as contemplated by the 1958 act; nevertheless 1959 has seen some limited steps toward freedom of competition. Railroads are still very far short of competitive equality with unregulated and subsidized transportation. They also seriously need relief from restrictions which prevent a flexibility of operation to perform a complete transportation service on a freely competitive basis. It is entirely out of keeping with a common sense of fairness and the free enterprise concept that such conditions should continue. All citizens, and especially those connected with the industry, are urged to display their interest in improving the situation at every opportunity.

General recovery subsequent to the steel strike has been impeded by unusually prolonged and severe weather conditions over the entire territory. In many cases this has meant only a deferment of activity and we look confidently forward to a reasonable level of business during 1960. Your company will continue alert to prospects for more efficient operations and improvements in its business potential.

MILEAGE OPERATED

Miles of road operated at December 31, 1959, were as follows:

MAIN LINE:

Atlanta to West Point, Ga.			
Owned property deeded.....	85.72		
Less—Leased to Atlanta Terminal Company.....	0.10	85.62	
Hulsey Junction to Oakland City—Owned property deeded.....		5.16	90.78

TRACKAGE RIGHTS:

Atlanta Terminal Company, Atlanta, Ga.....	0.46		
Central of Georgia Railway, Oakland Junction, Ga.....	0.05		
Georgia Railroad, Atlanta Joint Terminals.....	2.02	2.53	
Total mileage operated.....			93.31

Total mileage operated in freight and passenger service was 90.44 and 86.08 miles, respectively.

PROPERTIES—ROAD AND EQUIPMENT

Changes in road and equipment accounts are summarized as follows:

	Total	Road	Equipment	General Expenditures
Balance, January 1, 1959.....	\$ 10,409,525	\$ 5,476,345	\$ 4,818,288	\$ 114,892
Additions during year.....	44,448	41,274	3,174	
Total.....	\$ 10,453,973	\$ 5,517,619	\$ 4,821,462	\$ 114,892
Retirements.....		37,186	8,211	28,975
Balance, December 31, 1959.....	\$ 10,416,787	\$ 5,509,408	\$ 4,792,487	\$ 114,892
Less donations and grants.....		68,543		
Investment in transportation property.....	\$ 10,348,244			

Principal additions to property consisted of the following:

ROAD:

Increased weight of rail and track fixtures.....	\$ 22,430
Control panels for accounting machines, Atlanta, Ga.....	3,937
Construction of industrial track, College Park, Ga.....	3,688
One-fourth interest in track liner, line indicator, power tamping jack and track surfacer....	8,815
Total	\$ 38,870

EQUIPMENT:

Purchase of one automotive truck.....	\$ 2,603
---------------------------------------	----------

TAXES

The following shows amounts of various taxes accrued compared with preceding year:

	1959	1958	Increase —Decrease	
	Amount	Per Cent		
UNITED STATES GOVERNMENT TAXES:				
Railroad Retirement.....	\$ 73,150	\$ 71,338	\$ 1,812	2.54

Taxes on nonoperating property.....	9,904	9,627	277	2.88
Total all taxes.....	<u>\$ 229,983</u>	<u>\$ 226,096</u>	<u>\$ 3,887</u>	<u>1.72</u>

Your board and management expresses sincere appreciation to our faithful employees and to our loyal and capable managerial staff.

By order of the Board of Directors:

J. C. MIXON
President and General Manager

The company announces with deep regret the passing of the following:

F. O. WALSH, Retired Superintendent Motive Power
died at Atlanta, Ga., December 8, 1958

A. D. MOORE, Auditor of Disbursements,
died at Atlanta, Ga., January 22, 1959

C. E. RODENBERG, Retired General Freight Agent,
died at Augusta, Ga., April 16, 1959

G. C. WEBB, Retired Chief Law and Special Agent,
died at Atlanta, Ga., February 26, 1960

ATLANTA 3

ACCOUNTANTS' OPINION

Atlanta and West Point Rail Road Company:

We have examined the balance sheet of Atlanta and West Point Rail Road Company as of December 31, 1959 and the related statements of income and of retained income - unappropriated for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and statements of income and of retained income - unappropriated present fairly the financial position of the Company at December 31, 1959 and the results of its operations for the year then ended, in conformity with principles of accounting prescribed or authorized by the Interstate Commerce Commission applied on a basis consistent with that of the preceding year.

Haskins & Sells

\$2 a share paid December 21, 1959.....	\$ 49,272.00
Total Debits.....	98,544.00
Retained income—unappropriated December 31, 1959.....	\$ 4,501,889.99

NOTES TO FINANCIAL STATEMENTS

- At December 31, 1959 the accumulated income tax reductions realized, because of the deduction for income tax purposes only of the excess of amortization of the cost of certain facilities over normal depreciation, were \$462,000. Of this amount \$74,000 is applicable to the year 1959 and results in no income tax for that year. There was a net operating loss for the year 1958. Because of such deductions for the past few years there is a loss carry-forward which can be offset for income tax purposes against profits which may be realized within the next four years.
- The Company, together with Southern Railway Company and Central of Georgia Railway Company, jointly and severally guarantees unconditionally the payment of principal and interest of the first mortgage series A, 4% bonds of Atlanta Terminal Company due August 1, 1969, of which \$772,000 were outstanding at December 31, 1959.
